FOR THE CURE OF and FEVER -OR-CHILLS and FEVER

The proprietor of this celebrated medicine justly claims for it uperiority over all remedies ever offered o the public for the safe, certain, speedy, and permanent cure of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to th entire Western and South-western country to bear him testimony to the truth of the assertion, that in no case whatever will it fail to cure, If the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long standing cases. Usually, this medicine will not require any aid to keep the bowels in good order should the patient, however, require a thartic medicine, after having taken three four does of the Tonic, a single dose BULL'S VEGETABLE FAMILY PILLS
